2025–present **Ph.D. in Economics** @ Montpellier Research in Economics (MRE EA 7491)
Economics faculty, University of Montpellier
Title of thesis : Monetary policy, systemic stress and interbank macroeconomic contagion: the ECB's forward guidance case.
Ph.D. advisor: Françoise SEYTE · francoise.seyte@umontpellier.fr
Co-advisor: Roman MESTRE · roman.mestre@umontpellier.fr

2023–2025 **Master Research in Quantitative Finance** @ Economics faculty, University of Montpellier
Obtained with high honours · Ranked first in the cohort.
Master thesis :  Deep learning approaches for evaluating the impact of ECB Forward Guidance on systemic stress in Europe.
Advisor: Françoise SEYTE · francoise.seyte@umontpellier.fr

2024–2025 **U.D in Big Data, Data Science and Risk Analysis with Python** @ Economics faculty, University of Montpellier
Obtained with high honours · Ranked first in the cohort.
Diploma projects :  Econometrics project ·  Machine Learning project.
Advisors: Gilles MICHEL · Samuel STOKSIECKER

2020–2023 **Bachelor in economics** @ Economics faculty, University of Montpellier
Obtained with high honours · Ranked first in the cohort.

CONFERENCES, WORKSHOPS AND SEMINARS

International & National Conferences

- 2025 International Conference on Statistics and Data Science (ICSDS), Sevilla, Spain
Presentation title: "Conditional Wasserstein Autoencoders and Deep Semantic Representations for Time Series Modeling. Application on ECB Communication and Financial Stress in the Euro Area."
 Authors: Théo GUIGUE, Françoise SEYTE, Roman MESTRE
- 2025 24th Econometrics Day – Recent Developments in Applied Econometrics to Finance, University Paris-Nanterre, France
Presentation title: "Conditional Wasserstein Autoencoders and Deep Semantic Representations for Time Series Modeling. Application on ECB Communication and Financial Stress in the Euro Area."
 Authors: Théo GUIGUE, Françoise SEYTE, Roman MESTRE
- 2025 4th Applied Econometrics Day in Honor of Professor Michel Terraza, University of Montpellier, France
Presentation title: "Evaluating the Impact of Forward Guidance on European Systemic Stress Using Sequential and Next-Generation Generative Neural Networks: From VAE to Mamba."
 Authors: Théo GUIGUE, Françoise SEYTE, Roman MESTRE
- 2024 5th Financial Economic Meeting, EDC Paris Business School, France
Presentation title: "Increase in interest rates: what's the impact on the interbank monetary market ?" linear and non-linear econometrics approach."
 Authors: Théo GUIGUE, Françoise SEYTE
- 2024 3th Applied Econometrics Day in Honor of Professor Michel Terraza, University of Montpellier, France
Poster title: "Augmentation des taux directeurs : quels impacts sur le marché interbancaire ? : économétrie linéaire et non-linéaire."
 Authors: Théo GUIGUE, Françoise SEYTE

Seminars & Workshops

- 2025 Seminar Montpellier Research in Economics (MRE)
Presentation title: "Conditional Wasserstein Autoencoders and Deep Semantic Representations for Time Series Modeling. Application on ECB Communication and Financial Stress in the Euro Area."

Conference & Workshop Organisation

- 2025–present Local Organizing Committee Member
Applied Econometrics Day in Honor of Professor Michel Terraza, University of Montpellier, France.
- 2025 Organizing Team
30th International Panel Data Conference (IPDC), University of Montpellier, France.

PUBLICATIONS

Journal Articles

Increase in interest rates: what's the impact on the interbank monetary market ?" linear and non-linear econometrics approach. (2024).
 Théo GUIGUE, Françoise SEYTE. *Manuscript under revision, BMI Journal.*
